
It seems that Dabangg 2 will soon make Rs. 200 crore worldwide as the film has now crossed Rs. 198 crore worldwide but at the same time the film is little back step in collections in India as compare to Ek Tha Tiger. The film has collected around Rs. 152 crore in India but this total is less than what it was of Ek Tha Tiger.

As per expectation, the film is collecting very decent numbers in its 3rd week as well. The Sunday's collections were little affected due to Indo-Pak cricket match but the film is still going well.
