Somebody said “Love is a piano dropped from a fourth story window, and you were in the wrong place at the wrong time.” A comedy of errors in the classic Shakespearian style the film is set in New York...

And our protagonist indeed finds himself at the wrong place at the wrong time. But this time instead of standing below a wrong window he was inside the wrong apartment!!

Love knocked him out in that apartment but eventually made his day – and his life!

From here on starts a comedy of error as all relationships collapse and Sunny, Kangana, Navin & Tannishta find themselves in a situation, which leads the film to a point of wonder…. Will Kangana ever respond to Sunny? Will she return to Navin? Will Tannishta & Sunny live up to their wedding vows…?

The riveting climax will lend all the answers to this intriguing romantic comedy.

The film promises to enthrall and entertain the masses and critiques alike with the presence of two national award winning hugely popular stars Sunny Deol and Kangana Ranaut and internationally acclaimed Navin Choudhry & Tannishta Chatterjee - a fascinating storyline, lots of humour, romance and some lilting songs by Pritam.
