The megastar of Bollywood or we can say one who rules 100 Cr club; Salman Khan says, that he is the only best Khan in the film industry. Yes, so far Salman was complimented by others but now actor himself says that he is the only best Khan of Bollywood.

You must be thinking when & where Salman must have said this, well Salman has personally said this personally on the TV reality show that he hosts Bigg Boss 6. Salman said this when Kareena Kapoor was invited on one of the episodes for the promotion of Salman's upcoming movie Dabangg 2 where Kareena has done an item number 'Fevicol Se'.

Salman had asked Kareena that who is the best Khan according to her, the question made Kareena in trouble but actress very smartly answered it as well. Kareena said the best Khan is Aamir Khan but Salman was not agree with the answer and said "Aamir's film 'Talaash' has just released and you have acted with him so you are naming Aamir but now let my movie Dabangg 2 release, then the world will know who is the Best Khan."
