After the mega success of Agnipath, actor Hrithik Roshan is now heading toward one more most awaited and most acclaimed film Paani. The film will be directed by Shekhar Kapoor and produced by Aaditya Chopra.

When the film was first announced 12 years ago, the project was supposed to be associated with Vivek Oberoi in a lead role but now it is reportedly replaced by Hrithik Roshan.

Director Shekhar Kapur has reportedly zeroed in on Hrithik to play the lead role. Paani is Shekhar's most ambitious but delayed project. It is also been said that Hrithik is nowadays often talking about the film.

The film is said to have a budget of \$30 million, the film will star Indian and foreign star jointly. Paani is the story of a poor man, who stealthily visits the elite parts of the city where he comes across a beautiful woman and they fall in love.
