No doubt that Indo-Canadian model Sunny Leone has now become a Bollywood actress by bagging the second big film as a lead actor, but what surprising is she is now following the footsteps of the other Bollywood actresses.

After her debut film 'Jism 2' with Bhatt camp which was actually a disaster movie at Box office but the actress has immediately got her another big film by Producer Ekta Kapoor 'Ragini MMS 2'.

Sunny will start shooting for this film from January 15 i.e. from tomorrow. Before shooting, Sunny Leone will be visit SiddhiVinayak Temple at Prabhadevi, Mumbai at 4.30 am to perform Aarti (Prayer). It's not the first time that any B-Town celeb is doing such thing, from Amitabh Bachchan, Shah Rukh Khan to Kareena Kapoor; all the top celebs usually visit temples before their film releases.

Sunny being no exception is now following the footsteps of the actors and will be performing a prayer before starting a shooting for her film. Nevertheless, it is also widely be known as a publicity stunt for a film, but it look so unethical that holy places are getting used for publicity purpose.
