Canadian porn actor Sunny Leone visited the famous Siddhivinayak temple early this morning along with Ekta Kapoor to seek blessings. The actress is doing Ragini MMS 2 for Ekta Kapoor, went with the later to the temple. She was wearing a blue and magenta kameez and salwar with a white dupatta with golden border, and a tilak adorned her forehead.

Shiv Sena condemned this act by the Actress and raised the red flag saying anybody who has true devotion in mind was welcome to the temple, but Sunny was doing this for publicity and for promoting commercial interests which is not acceptable. When contacted, Prem Shukla the editor of Dopahar Ka Saamna, the Shiv Sena tabloid said such people seeking publicity should be barred from visiting temples.

Publicity or not, Only time will tell the motive behind Sunny and Ekta's mind to visit the sacred place. All we can say is cool down Mr.Shukla.
