It's January 18 and it's Minissha Lamba's birthday. She turns a gracious 28 years of age today and has probably been memorable birth day for her as finally she will be celebrating her birthday with her family and friends at her Versova residence.

"I am not to much of a party person, This year has been all about the people who have touched my life in a beautiful way. What better way to celebrate than a small intimate get together with the people who you love.", says Minissha Lamba
