Mahesh Bhatt always known for providing important inputs and suggestions to his colleagues, has agreed to watch Feroz Abbas Khan's Dekh Tamasha Dekh on the request of his dear friend Shabana Azmi, where her sister-in-law Tanvi Azmi plays an essential role. He has also agreed to help with promotions to generate good vibes.

On this Tanvi says, "Shabana messaged Bhatt saab a couple of days ago requesting him to see Dekh Tamasha Dekh, which is high on content and sees amazing performances from actors like Satish Kaushik, Ganesh Yadav, Sharad Ponkshe and Vinay Jain. She also requested Bhatt saab to help the makers promote the film by spreading awareness about the project. I'm really hoping Maheshji to see the film. It's a subject that needs awareness and be spoken about. So we need Maheshji's support and want him to be a crusader for this project. Maheshji is presently in Delhi but he has assured me to watch the film next week."

Talking about her character, she adds, "It's a compelling and gripping script. When Feroz narrated the script to me, I wanted to be a part of it despite knowing that it's not a big role but it's quite impactful. It's a brave and bold film which one hasn't seen in a long time. The movie features an ensemble cast and every actor has got small parts to play including mine."

Dekh Tamasha Dekh is slated for 18th April, 2014
