While shooting in Shimla over a month, everyone on the sets of the film Purani Jeans was craving for some homemade food. As the entire cast and crew were away for a long time, people started craving for some spicy homemade non vegetarian food.

Rati Agnihotri being the motherly figure on the sets volunteered to cook for the entire crew. She took charge, called for all ingredients and cooked a huge bakra for the entire crew unit.

A source close from the production team says, "We were all craving for some homemade food and Ratiji sprung a surprise. It was a feast for the entire unit that day. Everyone was shocked to see how in no time, Ratiji cooked bakra, which turned out to be delicious."

Well, with such amazing feast on sets, we are sure that Purani Jeans is going to bring out an entire new flavour to friendship!

Produced by Manju Lulla of Eros International and NextGen Films, Directed by Tanushri Chattrji Bassu, Purani Jeans stars Tanuj Virwani, Izabelle Leite and Aditya Seal in the lead roles.

Purani Jeans is all set to release on 2nd May!!
