As producer- director Mahesh Doijode's maiden directorial venture " Kahin hai Mera Pyar" has hit the screen and the film as well as the music of it are gaining appreciation here comes out the secret of it's lilting music. It so happened that in the year 1982 the film's music director Ravindra Jain had proposed Divya for the marriage and on that occasion he had organised a small party for the near and dear ones. Late Raj Kapoor was also one of the guests in the party. In that party Ravindra Jain sang song "Shaamil Ye Ho Gaya Meri Zindagi Mein Kaun...." from his personal collection and everyone present in the party praised the song highly. Raj Kapoor was so much impressed with the song and the tune that he immediately offered Ravindra Jain to keep the song for his forthcoming film. Ravindra Jain agreed but as luck would have it the Showman couldn't use the song due to one or the other reason. Keeping his words Ravindra Jain never offered this song to any producer till Mahesh Doijode came into contact with him.

When Ravindra Jain was narrated the story of "Kahin hai Mera Pyar" he immediately said that he has one song with him which will be perfectly matched with the mood and story of the film. and thus the song selected by Raj Kapoor is now used in this film. The melodious voice of Suresh Wadkar has made this song really immortal and when the lead pair of the film Abhishek Sethiya and Sonia Mann came to know that the song canned on them was the choice of Raj Kapoor they also felt proud for being associated with the selection of late Showman.
