With a lot of speculation around the title of the film we now have got to know the actual plot of Rajkumar Hirani's P.K.

Aamir Khan starrer P.K. has been creating a lot of confusion over the title change. The film which had its title Peekay got changed to only two initials P.K. which looked like initials of a person's name.

The reason behind the name change was very simple. The makers did not want to give away the plot of the film. As the first title suggested the film is about a drunkard which will be played by Aamir.

Raju wanted to keep the mystery around the film so he decided to camouflage it by changing the name of the film.

And if we go with the sneak peeks of the film, Aamir's looks will sure make you think of him as a drunkard.

This will be the second time Aamir Khan and Rajkumar Hirani will collaborate after enjoying the huge success of 3 Idiots.
