Shraddha Kapoor delivered back to back hits with Aashiqui 2 and Ek Villain. Both films were commercial successes and her characters were loved by audiences. Co-incidentally, both of Shraddha's character names begin with the alphabet A.

In Aashiqui 2 her character's name was Aarohi while her character's name in Ek Villain was Aisha. Both the characters went on to become memorable, post their releases. People had started identifying Shraddha as Aarohi for the longest time.

And post Ek Villain, her character Aisha engraved a special place in the heart of audiences. In her upcoming film Haider, as well, the name of her character is Arshia.

The alphabet 'A' seems to be suiting the ace actor.
