Doing copy things is something not new in Bollywood, may it songs, posters or the entire film. Now one more copy case has come out with Filmmaker Abbas – Mastan’s upcoming movie ‘Race 2’ starring Saif Ali Khan, Deepika Padukon, John Ebrahim and Jacqueline Fernandez.

Exclusively only on Page3bollywood you can see how the logo of the film Race 2 is copied with WTCC Gaming website’s one of the game called ‘Race – The WTCC Game’.

The Race 2 logo has very minor changes from the original one that anyone can easily make out. Deepika Padukon has revealed the logo on her official twitter id. Wonder if Deepika could have given courtesy to WTCC Game logo while posting Race 2 Logo. :p
