Jimmy Sheirgill's Saadi Love Story has generated quite a buzz as the trailer and the songs have been very well received by the audiences. Adding to that, the makers of the film have released a new trailer of the film.

The two and half minute trailer gives one a sneak peek into this romantic roller coaster ride. The trailer features all the leads including Amrinder Gill, Diljit Dosanjh, Surveen Chawla and Neetu Singh. The newly released the trailer is a laugh riot as there's a confusion brewing between the characters as to 'Who is the real Rajveer?'

Directed by Dheera Rattan, the film is a complete entertainer involving family drama, comedy and romance. Produced by Jimmy Sheirgill in association with Eros Now, Saadi Love Story will be releasing worldwide on the 11th of January, 2013.
