According to a major Tabloid, Bollywood's Top 10 Bold Film's List of 2012 has been issued. Out of these 10 Films, 3 Films are by our country's own serial-kisser Emraan Hashmi. As we all know today, Steamy and intimate scenes are one of the key elements in Bollywood films.

It is a known fact that Bollywood films today, have become more sexually bold. Interestingly, even top actors like Kareena Kapoor, Katrina Kaif, Shah Rukh Khan these days do not shy away from doing such bold love making scenes in their films.

The first movie to hit the List is Jism 2. The film which had Sunny Leone, Randeep Hooda and Arunodoy Singh in the main cast witnessed many steamy and hot scenes but failed to impress. The second comes Madhur Bhandarkar's most talked about and hyped Heroine. Kareena Kapoor did an extremely hot scene with her husband Saif Ali Khan in Long-Forgotten 'Kurbaan'. But even Kareena and Arjun Rampal's steamy scene could not change the film's destiny. The Third is Emraan Hashmi and Bipasha Basu starrer Horror-Thriller 'Raaz 3'. Bipasha Basu and Esha Gupta's oomph factor added to the glamour quotient then the real icing on the cake was the steamy and raunchy scenes between Emraan- Bipasha and Esha- Emraan. The Fourth one is Ishaqzaade. The romantic and steamy scenes in the film were shot and added to the film on-going drama. The Fifth is Hate Story which did an above-average business on the box office thanks to its bold and provocative scenes that added spice to the proceedings. The sixth is Jannat 2 (Again starring Emraan Hashmi). The bold scenes between Emraan and Esha were extremely hot and saved the film up to an extent.
