Box Office Collections Of "Zila Ghaziabad" started with below average collections on Friday and film failed to grow on Saturday. Film finished with poor weekend numbers.

Film collected 10.50 cr nett over the weekend and now film is heading for 17 cr nett week one. Film will finish with 20 cr nett lifetime business and that is very poor for a film made with budget of 35 cr.

Film will go down as one of the biggest disasters of year 2013. Such a big multi starrer met with such a fate!

Below are the collections for the film -
