Dedh Ishqiya Box Office Report 7cr "Dedh Ishqiya" was sequel of successful film and that too with good star cast. But film's skewed content cost it dearly and after not so great start on Friday, film failed to grow big which was needed on Saturday.

Film was poor in central India and west but even north where film is based, was not very good. Film is not going anywhere it seems at the moment and even 15 cr nett weekend looks impossible from here on which is underwhelming result.

Film has collected 3.20 cr nett on day one and 3.75 cr nett on Saturday taking two day total to 6.95 cr nett. Film should finish with 11.50-12 cr nett only.

Below are the collection for the film -
