Collection Yaariyan Report 31cr "Yaariyan" was not expected to score at box office but we predicted its weekend business to be around 15 cr nett weekend and that is what happened. Film actually surpassed that too and managed healthy total beating its fancier rival "Dedh Ishqiya" at box office.

"Yaariyan" collected 19 cr nett over the weekend and weekdays were crucial for the film. Film managed to remain not so stable on Monday. Film dropped by 60% and collected 3.75 cr nett. Due to festival, film further added 3.40 cr nett on Tuesday, 2.75 cr nett on Wednesday and 2.40 cr nett on Thursday taking week one total to 31 cr nett plus.

Film had COP of 9 cr and P & A around 10 cr which means total budget of 19 cr. Film has recovered 7-9 cr from satellite and other revenues and it seems that it will do business of 35 cr nett minimum from here lifetime and that takes film to the hit zone for sure with share of 15 cr approx. It seems that we have first hit of 2014!
