At the music launch of Bol baby Bol Sridevi, along with husband Boney Kapoor,

dancer/actor/director Prabhu Deva and veteran actress Aruna Irani attended the unveiling of the Marathi film Bol baby Bol's audio launch. Sporting a casual look, the gorgeous actress looked splendid as she caught up with actress Aruna Irani, who has acted with Sri in several films - including Laadla, Chalbaaz... and a host of other '80s movies in Bollywood.
