Confused? Here we are not referring to Lord Rama as Shree Ram rather it is the unique voice of Singer Sreeram Chandra which has added dazzles to the item song Balma of Khiladi Kumar's upcoming film Khiladi 786. The song went viral after its release on digital media and by now has become a major hit.

Overwhelmed by the audience response the Indian Idol winner says, "Within an hour of the song's release I started receiving calls from my friends, relatives and fans from across the globe. I am very thankful to Himesh Reshamiya to have given me this opportunity." Sreeram who made a debut in Hindi playback singing with song "Isq Risk" for the film Mere Brother Ki Dulhan says Balma happened to him by chance when he had met Himesh for a show.

"After listening to my voice in that show Himesh not just complimented me but committed to me that he would get back to me with a song and that's how Balma happened." Singing a song with Shreya on the compositions of Himesh and for Akshay Kumar is like hitting a jackpot. "Indeed, it is a great feeling and singing for Akshay makes the song all the more special to me!"

Sreeram who is now working on a few more songs has a long way to go not just in the music industry but also in acting as the singer has started with shoot of his second Telugu film. His first film will release soon.
