Chitragada Singh launched Reliance Digital Filmfare 2014 Calendar, Filmfare, India's most definitive publications on Indian cinema, is the country's oldest and most established film magazine. For over 5 decades, Filmfare has documented the rise and fall of stars, movies and trends and continues to capture some of Bollywood's most memorable moments. It has managed to present the stars' point of view to its readers, like no other.

Filmfare give you front-row seats to exclusive parties and candid-than-ever photographs of your idols. It profiles new releases and new-comers even before they become the talk of the town. It serves you hi-end fashion, beauty secrets and travel itineraries that B-town likes to indulge in. Not to mention, heart-to-hearts with your favourite stars. Lush photo features, star tweets, Instagram updates, you name it, it'll all be in here. Along with a dash of good ol' gossip, which, let's admit, still makes for enjoyable reading.
