Global superstar and cinema icon Amitabh Bachchan who very recently visited the fun sets of 'Taarak Mehta Ka Oolta Chasma' for his upcoming hugely anticipated film Bhoothnath Returns has created history for the show thanks to his visit!

Every episode of Taarak Mehta Ka Oolta Chasma ends with actor Shailesh Lodha aka Taarak Mehta recapping the moral highlights of the story and giving a positive message for the viewers. Since 2008 the same process has been followed but for the special Bhoothnath Returns integration episode with Mr Bachchan, it was the megastar who gave the moral monologue in the end!

For the very first time in the entire history of Taarak Mehta, another personality has given the ending monologue and dialogues, and that is none other than Bhoothnath aka Amitabh Bachchan!

Well looks like this historical episode is not to be missed!!
