Yesterday Tiger Shroff and Kriti Sanon celebrated World Dance Day with some of their fans. Tiger Shroff with his debut itself has set a mark with his action and dance moves.

The actor who has learnt dancing since his childhood taught some dance moves to the fans who were selected through a contest.

After teaching them a few dance moves it was not enough and Tiger was requested to do some solo dance moves which amazed everyone.

After a few question the actor was asked to show off his sleek and chiseled body which he did and again danced on his song Whistle Baja which was greeted by applaud and hoots.

Heropanti directed by Sabir Khan and produced by Sajid Khan is set to release on 23rd May 2014.
