They may be masters in their own fields but Atif Aslam has never lent his voice for apna Akki. And producer Ramesh Taurani gave Atif Aslam that exciting opportunity – to croon or Khiladi Kumar.

Shot on the pristine beaches of Goa, the heart-touching, melodious, romantic Tera Naam Doon features Akshay Kumar and Tamannaah Bhatia. Elaborates director duo Sajid-Farhad, “a special no-expenses-spared set was specially erected for Tera Naam Doon and the the entire song has been shot in slow motion.” Besides Astif Aslam’s melodious voice, it is the treatment and the production values that will add on to the song’s impact.

Atif Aslam is excited that “my voice was in sync with Akshay Kumar’s personality.” Akki returns the compliment. As for us, we see a hit combo that will make its mark and get oft repeated in Bollywood in the months to come...
