One of the most anticipated films of the year Finding Fanny launched their first song. The song titled Fanny Re was launched by Deepika Padukone, Arjun Kapoor at a suburban hotel in Mumbai.

The launch saw a live performance by the Music Director Mathias Duplessy, where the dancers donned the masks of all the characters from the film. Also, an additional track Shake Your Bootiya composed by Sachin -Jigar was performed. This was a surprise act, as the video wasn't revealed.

The song titled "Fanny Re" features all the main characters of the comedy flick, including Arjun Kapoor, Padukone, Naseeruddin Shah, Pankaj Kapur and Dimple Kapadia. The track appears quite quirky with all the actors dancing crazily to the funny beat.

It has been composed by Mathias Duplessy, and sung by Mukhtiyar Ali. The video is choreographed by popular dance master Shiamak Davar.
