Colors launch new TV show Shastri Sisters, Sisters are your first friends. Sometimes, they even take on the role of mothers and sometimes that of petulant children. Bringing alive this beautiful bond is a brand new offering from COLORS – Shastri Sisters – a show that follows the lifefour sisters as they make their journey from Kanpur to Delhi. Starting life afresh with new dreams and aspirations, the four ‘friends-for-life’ sisters – Alka (Neha Pednekar), Anushka (Ishita Ganguly), Devyani (Sonal Vengurlekar) and Peeya (Pragati Chourasiya) support each other on the rollercoaster of life. Produced by Shakuntalam Telefilms, Shastri Sisters will air every Monday to Saturday at 7.00 pm.

Alka, Anushka, Devyani and Peeya find their lives changing drastically as they follow their father, Narayan Shastri (Rajesh Jais), who transfers to New Delhi for his government job. Facing the new world head on, smiling through not-so-easy moments of life, collectively, the Shastri Sisters become each other’s biggest strengths. Together they learn to navigate the unfamiliar streets and ways of the big city, often finding themselves in chuckle worthy and sometimes poignant situations.
