10 international artists who will be a part of the event will include talented individuals / groups who have created a mark for themselves through various syndicates of the show across countries like Britain, Australia, Spain, China and Italy among others. These supreme acts will be complimented perfectly by 10 of the best artists from India's Got Talent who will come together to create a high-octane evening, comprising of unparalleled acts further building a LIVE wire experience for the viewers. In addition to illusionist Darcy Oake, the event will feature contortionists, acrobats, dancers, stunt artists and many such exciting talents who will take the audience by storm.

Commenting on COLORS' association with the event, Raj Nayak, CEO – COLORS said, "We have been associated with the Got Talent franchise for over 6 years now which has not only witnessed the successful India's Got Talent series but also a corporate extension in the form of CEO's Got Talent. As a broadcaster, the property holds immense potential for us because the discerning Indian audience harbours great appreciation for outstanding talent. We are looking forward to the on-ground extension of the property especially because it gives us the opportunity to raise the entertainment quotient through the exhibition of exceptional local and international talent."

Speaking about his association with the property, host Shah Rukh Khan said, "Performing arts is a pure act of passion and love. I am glad to associate with 'Got Talent World Stage' as a host. I am sure that we will get to witness some extraordinary talent."

Simon Cowell said “I’m delighted to have ShahRukh Khan, RajNayak, Rav Singh and the RFS team on board to announce the first Got Talent World Stage LIVE in Mumbai. The Got Talent format has uncovered some incredible stars around the world and this is a great celebration of Indian and international artists”

Adding to this, Rav Singh from RFS Entertainment said, “Got Talent World Stage LIVE marks the first time where an internationally renowned television series format will be adapted for a LIVE audience. The promising new talent across genres proving their mettle on every available platform, makes India the perfect backdrop for a showcase of this magnitude. The caliber of national and international talent who will join hands to make Got Talent World Stage LIVE a larger-than-life property will be a delight for Indian audiences who could be watching the show either LIVE or in the comfort of their homes on their television sets.”

Come, prepare to be blown away as the world takes centre stage on Got Talent World Stage LIVE on 6th December, 2014 at Andheri Sports Complex
